PROGRAM

The stallion is enrolled in the SSP program of NRHA Germany for the breeding season of 2026. For previous years a late entry into a program can on no account be requested by a mare owner.

ORDERING AND SHIPPING SEMEN

The breeding fee must be fully credited to the stallion owners bank account before semen can be shipped. The costs for shipping are not included in the breeding fee and are chargeable to the mare owner. These costs are to be paid to the breeding station. For shipments to destinations outside of Germany the laws and conditions of the respective country are valid. The costs for any custom duties and/or any veterinary certificates will be debited to the mare owner by the breeding station. **Shipments of semen is not possible on Saturdays, Sundays and official holidays.** The breeding station must be contacted by phone three days before the required shipping date. Orders for semens should be placed Mondays to Fridays before 10:00 AM German time in order for the semen to be shipped on the same day. The number of portions is limited to two per estrus per shipment.

The costs for collection and handling of semen are to be covered by the mare owner and are billed by the breeding station. A list of these fees can be displayed here:

<https://www.r-ranch.de/deutsch/zuchtstation/preise/>

At the time of writing this contract the costs for shipment of semen within Germany amounts to 40 €. This is subject to change. Other countries on demand.

The number of frozen semen doses is two. Should further doses be required by the mare owner, then a fee of 380€ per two doses is to be paid to the stallion owner. Costs for shipment are to be covered by the mare owner. For frozen semen an additional fee of 250€ is levied. With his/her signature on this contract the mare owner confirms that the mare is healthy and a swab sample was taken. The semen must be processed immediately by competent personnel. The responsibility for the correct processing lies with mare owner. The stallion owner is to be informed if the mare is in foal and the date of the last insemination until 31. August. Only if this is done by the mare owner the stallion owner is responsible for providing the registration certificate.

REBREEDING

In case of a rebreed of a mare in the following year a fee of 250€ is levied. Is the respective mare not healthy or has died, the breeding can be transferred to a mare acceptable to the stallion owner at a cost of 150€. Costs for collection and shipment of semen are to be covered by the mare owner. In case the stallion is not available e.g. in the case of death, illness or show-participation the rights for a rebreed are abolished. A partial refund of the breeding fee will be considered by the stallion owner. No compensation can be claimed from the stallion owner.

DISCLAIMER

The stallion owner and the breeding station assume no liability for the shipment of semen. No compensation can be claimed from the stallion owner.

GENERAL CONDITIONS
