WALLA WALLA WHIZ – ICSI

ALL CONTRACTS/PAPERWORK MUST BE SUBMITTED 72 HRS PRIOR TO ORDERING SEMEN OR RUSH FEE WILL APPLY

I hereby agree on, _____ to contract with Oswood Stallion Station, Inc., as Stallion Owner's legally authorized agent, hereinafter known as "Breeder", to breed the mare_____, AQHA Registration # _____ / APHA Registration (if applicable) # _____ to the Stallion WALLA WALLA WHIZ , AQHA/APHA Registration # 4478553 for the fee of $ 3,925.00 for the 2027 breeding season, which begins September 1, 2026 and ends August 31, 2027, subject to the following terms and conditions:

$ 500.00 Non-Refundable Booking Fee
$ 2,750.00 Stallion Fee **ALL FEES PAYABLE TO: OSWOOD STALLION STATION**
$ 675.00 Non-Refundable Farm Fee
Additional Terms: UNREGISTERED MARES THROUGH EITHER AQHA OR APHA WILL NOT BE APPROVED FOR AN ICSI CONTRACT.

This stallion's genetic disease panel result is as follows:
HYPP – N/N; HERDA – N/N; GBED – N/N; PSSM – N/N; MH – N/N; IMM – N/N; EJSCA N/N.

The Mare Owner acknowledges and agrees that the Mare Owner shall be solely responsible for any hereditary or genetic defects, conditions, or traits transmitted by the mare to any resulting foal, including, without limitation, splashed white (SW) genetic mutations and any associated phenotypic or health-related conditions (including but not limited to deafness), and releases the Stallion Owner and Oswood Stallion Station from any liability arising therefrom.

Shipment requests must be called in to the office (817) 599-4560. Requests made by email or text will not be acknowledged. Any semen request not confirmed by 8 AM CST on the day of collection will be considered a cancellation.

1. This breeding contract is to be returned with payment of non-refundable Booking Fee, Stallion Fee and the non-refundable Farm Fee. Contracts not paid in full by June 30, 2027 will be cancelled. Contracts paid in full but not utilized will be considered a "Rollover" contract to the consecutive following breeding season. Mare Owner will be required to complete a 'Rollover" contract for new breeding season and acknowledge that there will be no rebreed rights.
2. Mare Owner agrees to provide Oswood Stallion Station, Inc. with the results of each ICSI procedure no later than 30 days after each transfer.
3. **The terms of this contract are considered fulfilled upon recovery of ONE embryo, whether this embryo is being frozen or transferred into a recipient mare resulting in pregnancy.** If the recipient mare aborts, or the embryo transfer fails, the donor mare may return during the same Breeding Season or the following year ONLY for an additional ICSI procedure, provided all fees have been paid with the original contract.
4. **For On-Site Breedings:**

A. Mare Owner will furnish Breeder with a current negative Coggins test within 6 months, veterinarian's certificate within 3 days of arrival and all current health records. The mare's registered name must be listed on all documents; barn names will not be accepted. The mare must be halter broke, able to be led, and able to handle safely in the stocks. Oswood Stallion Station, Inc. reserves the right to refuse mares for the safety of staff. Any open mares, excluding maiden mares, will be required to have a current biopsy. If a veterinarian's certificate, Coggins test or biopsy report does not accompany mare, Breeder's veterinarian will examine and/or test mare at Mare Owner's expense. The Breeder reserves the right to refuse any mare that is not in proper condition, or does not have all of the records, tests, and registration documentation as required herein.

B. Breeder agrees to furnish all facilities for the care and feeding of the mare while in its custody. Mare Owner agrees to pay for care and feed at the daily rate of $20.00 for pasture mares, and $27.00 for stalls. An additional $2.50 per day will be charged on all wet mares in pasture or paddock, and an additional fee of $5.00 will be charged on all wet mares being stalled. Pasture/Stall Board, Per Day for mare(s) confirmed 40 days in foal $50.00 day.

Breeder will exercise judgment in care and supervision of mare. Breeder's veterinarian will administer medical care as deemed necessary for the health and safety of the mare and foal at Mare Owner's expense. There will be a $675.00 foaling charge on all mares foaled at Oswood Stallion Station, Inc.

C. All mare drop-offs and pickups must occur within the designated breeding season hours, which are as follows: between 7:00 AM and 7:00 PM on weekdays. Oswood Stallion Station, Inc. reserves the right, at its sole discretion, to refuse acceptance of any mare presented for drop-off or pickup outside of the specified timeframes.

D. Breeder agrees to try diligently to settle the mare, however, if she fails to settle for any reason, Mare Owner will hold Breeder blameless and return privileges will be granted for the return contract year only.

E. The undersigned agrees that the Breeder and its agents, officers, and employees will not be responsible for any accident, injury, sickness, or death to the mare or its foal, whether from flood, fire, theft, Act of God, or for any other reason. The undersigned agrees to and shall indemnify and hold harmless Breeder and its officers, agents, and employees from and against any and all claims, losses, damages, causes of action, suits, and liability of every kind, including all expenses of litigation, court costs, and attorney fees, for injury or death to the mare and/or foal. Any person associated with Breeder is not liable for death, or any disease, accident, and/or injury caused to the mare and/or her

WALLA WALLA WHIZ – ICSI CONTRACT

foal, and that Mare Owner is not liable for the death, or any disease, accident or injury caused to the stallion.

F. Breeder requires the Stallion Fee, non-refundable Farm Fee, and all unpaid board expenses be paid in full before the mare is released from Oswood Stallion Station, Inc.

G. Board rates are subject to change at the discretion of Oswood Stallion Station, Inc.

5. Guaranteed Right To Return: Stallion Fee is for **one** live foal. A live foal is defined as one that will stand and nurse. If the embryo transfer fails, the recipient mare aborts or produces a stillborn foal, the donor mare may return during the Breeding Season of the following year ONLY for an additional ICSI procedure, provided all fees have been paid with the original contract.

Mare Owner agrees to furnish to the Stallion Owner a veterinarian's certificate describing any such occurrence within seven (7) days of the incident. Breeding fee(s) will not be refunded.

6. If the Mare Owner fails to return the mare for breeding the following year, then any and all fees paid shall be forfeited, the right to rebreed is cancelled, and the Stallion Owner is released from all further obligation of the contract, unless otherwise agreed in writing and signed by all parties.

7. If the mare dies or becomes unfit to breed, the Mare Owner may return during this season or the following season ONLY with a suitable mare approved by the Stallion Owner without any additional breeding fees.

8. Should the above-named stallion die or become unfit for service for any reason, then this contract shall become null and void and both parties are relieved of any further obligation hereunder, and any monies paid by the Mare Owner toward the Stallion Fee, with the exception of the non-refundable Farm Fee and non-refundable Booking Fee, shall be refunded to the Mare Owner if the mare is not settled or would qualify for rebreed privileges.

9. Oswood Stallion Station, Inc. only assumes responsibility to ship frozen semen in viable condition and shall not be held liable for contamination of semen during and after shipment, loss of viability, or any costs arising from shipments delayed, damaged, or lost in transit. Oswood Stallion Station, Inc. does not guarantee the fertility of any stallion but agrees to ship only commercial quality frozen semen with a documented post thaw motility of 30% or greater. Mare Owner agrees to use all frozen semen provided by the Agreement for the mare named in this Agreement and no other.

10. Oswood Stallion Station, Inc. requires that all frozen semen expenses be paid in advance of shipment. Mare Owner may deposit additional funds with Oswood Stallion Station, Inc. or provide Breeder with credit card information below. Monthly statements will be mailed/E-billed for services provided and charges made, or deposits used. If any statement becomes more than 30 days overdue, all obligations of Stallion Owner shall cease, and the unpaid amount will be subject to a finance charge of 1.5% per month or the maximum rate allowed by law.

11. In the event that any check tendered by the Client is returned unpaid by the issuing financial institution for any reason, including but not limited to insufficient funds or a closed account, the Client shall be liable for a returned check fee in the amount of fifty dollars ($50.00) per occurrence.

12.Frozen Semen Shipments:

A Frozen Semen Shipment includes the processing and shipping of frozen semen. The frozen semen will be distributed by Oswood Stallion Station, Inc. All requests and fees will be administered by Oswood Stallion Station, Inc. In addition to the agreed Farm Fee, Booking Fee, and Stud Fee, the following semen shipment charges will apply:

- **A. New Contract:** The farm fee includes one ICSI breeding dose which is equivalent to one straw.
- **B. Vitrified (Frozen) Embryos:** Mare Owner agrees to notify Oswood Stallion Station, Inc. that the embryo was vitrified within 48 hours of recovery. If vitrified embryos are utilized in the off season (from July 1st through January 31st), then the contract is considered fulfilled. Any further rebreed rights are at the discretion of the stallion owner and to be agreed upon up front and in writing. **All frozen embryos being transferred in a later year must be reported to Oswood Stallion Station, Inc. upon positive pregnancy check. For each frozen embryo not reported on time, a penalty of $1,000.00 for administrative fees will be assessed.**
- **C. If any embryos produced under this Agreement are not transferred or utilized within either (i) the original Contract Year or (ii) the applicable Guaranteed Right to Return Year, as defined herein, shall constitute a waiver of any right to a guaranteed rebreed with respect to any remaining or untransferred embryos. Any embryo transfer performed after the expiration of both the original Contract Year and the applicable Guaranteed Right to Return Year shall not qualify for, nor shall it give rise to, any entitlement to a guaranteed rebreed or any other remedy under this Agreement.**

D. All nomination fees are solely the responsibility of the Mare Owner. Stallion Owner is not obligated to continue enrollment of the stallion in annual incentive programs past this initial contract year.

E. If Mare Owner fails to file any Frozen Embryo Permit(s) as required by the respective breed association(s), any and all late reporting fees to facilitate foal registration imposed on the Stallion Owner will be charged back to the Mare Owner and must be paid prior to the Breeder's Certificate(s) being released.

F. For all off-season ICSI breedings done after October 15th of this contract year, the Mare Owner will bear the late reporting fee(s) imposed on the Stallion Owner by the respective breed association(s).

G. The Mare Owner shall be solely responsible for the timely completion, submission, and accuracy of all documentation, applications, forms, and other requirements required by the American Quarter Horse Association (AQHA) or any other applicable breed registry relating to any frozen embryos produced under this Agreement. The Mare Owner acknowledges and agrees that the Stallion Owner and Oswood Stallion Station, Inc. shall have no responsibility or liability for any delays, discrepancies, denials, or complications in the issuance of breeder's certificates, registration, or any related registry processes resulting from the Mare Owner's failure to timely or accurately complete such requirements.

Mare Owner will be required to pay $3,250.00 plus $675 Farm Fee for any additional embryos transferred during this contract calendar year resulting in live foals, or else the full breeding fee plus farm fee in effect at the time the frozen embryo(s) result in a confirmed pregnancy. Additional Breeder's Certificate(s) will be issued upon receipt of all required fees. Additional ICSI doses, if necessary, will be paid for in advance by the Mare Owner at the rate of $200.00 per straw. Shipping Fees (within United States): $415.00 for standard FedEx Priority Overnight service. No counter to counter shipping will be provided.

WALLA WALLA WHIZ – ICSI CONTRACT

13. Frozen semen is shipped on a per mare cycle basis, with a maximum of only **one** ICSI dose per shipment allowed. A handling fee of $100.00 for the handling and transferring of the frozen semen to the shipping tank will be assessed. This fee does include the charging/nitrogen fill of the cryoporter prior to shipment.

14. **Dose Splitting and Additional Contract Requirement:** Any division, splitting, allocation, or otherwise separate use of breeding doses, whether in connection with the breeding of the same mare or different mares, shall constitute a separate transaction and shall automatically trigger the purchase and execution of an additional breeding contract. All fees, charges, and other amounts due in connection with such additional contract shall be automatically charged to the credit card maintained on file by the purchaser.

15. Any and all rebreed extensions are subject to a $500 non-refundable Booking Fee and $675.00 non-refundable Farm Fee.

16. Donated and/or auctioned breedings are subject to a $500.00 non-refundable Booking Fee and $675.00 non-refundable Farm Fee. Receipt of buyer's confirmation must be provided prior to issuance of contract.

17. International Fees: Fees for FedEx overnight service to Canada will depend on the rates and tariffs in effect at the time of shipment, plus any surcharges, customs duties, etc. that may apply, in addition to the fee of the $270.00 International Health Certificate. The Mare Owner shall be required to execute a separate and additional shipping agreement applicable to all shipments to Canada prior to the departure of the semen tank from Oswood Stallion Station, Inc. Shipping to other countries will be charged in accordance with the fees pertaining to the actual shipping, customs and duty fees that exceed the normal cost for shipping within the domestic United States.

18. The dryshipper container must be returned within 3 business days of arrival. If not returned within 3 days, Mare Owner will be charged $250.00 late fee + $100.00 late fee per day until dry shipper is returned. If not returned within 10 days of arrival, Mare Owner will be charged with purchase of tank ($1,750.00). Compensation for any loss or damage to the container will be responsibility of the Mare Owner. Any compensation for loss or damage will be deducted from the deposit. The deposit may also be held until any balance due for shipping expenses has been paid. The container must be returned within 7 days of arrival. If not returned within 7 days, Mare Owner will be charged $75.00 per day late fee until dry shipper is returned. The late fee will be deducted from the deposit. Failure to comply with this term will result in forfeit of the container deposit and another deposit would then be required to receive further shipments. The full deposit will be refunded to the Mare Owner only if the container is returned to Oswood Stallion Station, Inc. in the same condition it departed and within the time frame allotted.

19. **Breeding Arrangements:**

19a. You must give 48-hour notice to Oswood Stallion Station, Inc. prior to actual semen shipping. All cancellations must be made by 1 PM CST the day prior to the shipment.

19b. In case of subsequent shipments, the shipping container and any additional shipping fees (see above) must be received by Oswood Stallion Station, Inc. before the next shipment will be sent. Additional shipping fees may apply and will be charged accordingly.

20. Every effort will be made to accommodate your mare's breeding time frame. However, it is the Mare Owner's responsibility to contact Oswood Stallion Station, Inc. to ensure that your reproduction facility will receive semen or injection authorization in a timely manner.

20a. For Frozen Semen Shipments: Oswood Stallion Station (OSS) shall not be held responsible for providing a dry shipper for the transportation of frozen semen. While Oswood Stallion Station, Inc. may, at its sole discretion, offer the use of a dry shipper if one is available at the time of request, such provision shall be considered a courtesy only and does not constitute an obligation or ongoing responsibility on the part of Oswood Stallion Station, Inc. The Mare Owner and/or their licensed veterinarian shall bear sole responsibility for coordinating and ensuring the timely shipment and receipt of frozen semen. Oswood Stallion Station, Inc. shall not be liable for any delays, missed cycles, or additional costs resulting from the unavailability of a dry shipper or any failure to arrange timely transport. Any expenses incurred due to such delays or missed cycles shall be the sole responsibility of the Mare Owner.

20b. Oswood Stallion Station, Inc. shall not be held liable for any delays, damages, losses, or failures arising from or related to the Mare Owner's chosen method of shipping. Any fault, delay, or issue associated with the transportation or delivery of the mare or any related materials shall be the sole responsibility of the Mare Owner.

21. The Mare Owner agrees to comply with all appropriate Breed Registry requirements concerning the use and handling of frozen semen. Consequently, it is the Mare Owner's responsibility to inform Oswood Stallion Station, Inc. of any and all breeding dates no later than October 15th of the calendar breeding year.

22. Should an embryo cleave after sperm injection with less than the total number of frozen semen units received, then the remaining straw/s are to be returned to Oswood Stallion Station, Inc. at the expense of the Mare Owner.

23. Failure to adhere to these requirements may result in missed heats and delayed shipments AT THE MARE OWNER'S EXPENSE. Sperm injection must be done by a veterinarian knowledgeable in successful ICSI techniques.

24. **SOCIAL MEDIA & PROFESSIONAL CONDUCT:** The Mare Owner agrees to communicate any concerns regarding Oswood Stallion Station, Inc., the Stallion, or the Stallion Program directly with Oswood Stallion Station, Inc. in a professional and private manner. Both Oswood Stallion Station, Inc. and the Mare Owner shall refrain from making, publishing, authoring, encouraging, or causing to be made, directly or indirectly, any statements, comments, photographs, posts, reviews, or other communications, whether under their own name or anonymously, pseudonymously, or through any third party, in any public or private forum, including but not limited to social media platforms, online forums, review websites, or other digital or print media, that could reasonably be viewed as disparaging, defamatory, false, misleading, or otherwise damaging to the reputation, character, or business interests of Oswood Stallion Station, Inc, the Stallion, the Stallion Owner, or any of their respective members, managers, employees, affiliates, agents, or representatives. In the event of a breach of this provision by the Mare Owner, the Mare Owner shall forfeit any fees paid, rebreed rights, or other remedies otherwise available under this Agreement. Oswood Stallion Station, Inc. and the Stallion Owner further reserve the right to pursue any legal remedies available at law or equity for damages resulting from such conduct.

25. TO OBTAIN A "BREEDERS CERTIFICATE" YOU MUST NOTIFY OSWOOD STALLION STATION, INC. OF THE BIRTH OF THE FOAL. CERTIFICATE WILL NOT BE ISSUED IF THE ACCOUNT HAS NOT BEEN PAID IN FULL. The Mare Owner shall be solely responsible for the timely completion, submission, and accuracy of all documentation, applications, forms, and other requirements required by the American Quarter Horse Association (AQHA) or any other applicable breed registry relating to any frozen embryos produced under this Agreement. The Mare Owner acknowledges and agrees that the Stallion Owner and Oswood Stallion Station, Inc. shall have no responsibility or liability for any delays, discrepancies, denials, or complications in the issuance of breeder's certificates, registration, or any related registry

processes resulting from the Mare Owner's failure to timely or accurately complete such requirements.

26. If the stallion leaves Oswood Stallion Station, Inc.'s management in the middle of the breeding season, Oswood Stallion Station, Inc. will forward a copy of all contracts and records needed to the stallion's owner after which will then terminate all mare breeding contracts with Oswood Stallion Station, Inc..

27. Any breeding contracts entered into but not utilized within the breeding season specified therein shall be deemed null and void, provided that all associated fees have not been fully paid. In instances where only the booking fee and chute fee were remitted at the time of contract execution, and the stallion fee remains unpaid, the contract holder shall be responsible for paying the difference between the originally stated stallion fee and the prevailing stallion fee at the time of use. In cases where all applicable fees have been paid in full, but the contract was not utilized during the originally designated breeding season, the contract holder shall be entitled to a one-time deferral, limited to the immediate subsequent breeding season only. Failure to utilize the contract within that one-year period shall result in forfeiture of all rights under the contract without refund or further obligation on the part of the stallion owner.

28. There will be no exceptions to the terms of this contract, and this contract is not transferable unless otherwise provided in writing and signed by all parties. This shall be a binding contract on both parties, subject to the terms and conditions set forth herein and shall be binding on and shall inure to the benefit of the parties and their heirs, personal representatives and permitted successors and assigns. This contract is not transferable or assignable by Mare Owner and is made solely for the benefit of the parties hereto and their respective permitted successors and assigns and no other person or entity shall have or acquire any right by virtue of this contract not provided for in writing and signed by both parties.

29. The parties hereby specifically agree that this Agreement shall be construed, governed and interpreted by and in accordance with the internal laws of the State of Texas. If any action or arbitration is brought to enforce or interpret the terms of this Agreement, the proper place of venue shall be Parker County, Texas as this agreement shall be performed in Parker County, Texas as the last act to make this a binding contract occurred in Parker County, Texas. Should any civil action be commenced between the parties concerning this Agreement, or any rights or duties hereunder, the prevailing party shall be entitled, in addition to any other relief as may be granted, to reasonable attorney's fees and disbursements as determined by a court or competent jurisdiction. If any provision of this Agreement is held by a court of competent jurisdiction to be invalid, unenforceable or void, the remaining provisions of this Agreement shall be nevertheless continued in full force and effect without being impaired or invalidated in any way except the parties agree to insert, to the extent possible, a substitute provision to carry out the intention of the parties.

30. If it should become necessary for Oswood Stallion Station, Inc. to retain the services of an attorney to enforce its rights under the terms of this contract, including but not limited to the collection of any sums due, the mare owner will pay Oswood Stallion Station, Inc. all expenses and costs, including reasonable and necessary attorney's fees incurred by Oswood Stallion Station, Inc. in enforcing this contract.

31. All outstanding account balances shall be due and payable within fifteen (15) calendar days of the invoice date, unless otherwise agreed to in writing. In the event any outstanding balance remains unpaid after the expiration of the fifteen (15)-day period, Mare Owner agrees that Oswood Stallion Station, Inc. may, without further notice, charge the outstanding balance, together with any applicable fees or charges authorized under the Agreement, to the credit card or other payment method maintained on file with Oswood Stallion Station Inc. by the Client. The Mare Owner acknowledges and agrees that it is the Mare Owner's sole and exclusive responsibility to obtain, review, and evaluate all appropriate genetic testing for the Mare prior to breeding and to determine the genetic compatibility of the Mare with the Stallion. The Mare Owner is solely responsible for consulting with a qualified veterinarian, equine reproductive specialist, or genetic testing laboratory, as deemed appropriate, regarding any known or potential inherited genetic mutations, disorders, diseases, or traits, including determining the zygosity and compatibility of any genetic variants that may affect the resulting foal. The Stallion Owner has made available all known genetic test results pertaining to the Stallion, and the Mare Owner acknowledges that they have had the opportunity to review such information prior to entering into this Agreement. The Mare Owner assumes all responsibility for any decision to proceed with the breeding after reviewing, or electing not to review, the Stallion's genetic information. The Stallion Owner makes no representation or warranty, express or implied, regarding the genetic outcome of any breeding or the health, viability, soundness, fertility, or genetic status of any resulting embryo or foal. The Stallion Owner shall not be liable for, and expressly disclaims all responsibility for, any inherited genetic mutation, defect, disease, disorder, congenital abnormality, developmental defect, pregnancy loss, embryonic or fetal loss, neonatal loss, or any other adverse genetic condition or outcome resulting from or related to the breeding contemplated under this Agreement. Without limiting the foregoing, the Mare Owner acknowledges that Splashed White ("SW") genetic variants (including, but not limited to, SW1 through SW8) are associated with variable white spotting patterns and may, depending upon the specific variant and zygosity, be linked to inherited conditions including congenital deafness and, in certain genetic combinations, embryonic or fetal lethality. The Mare Owner further acknowledges that breeding two horses carrying the SW2 or SW3 variants, or certain compound combinations involving SW1, SW2, SW3, or other Splashed White variants, may significantly increase the risk of producing non-viable embryos or foals, pregnancy loss, or offspring exhibiting severe congenital abnormalities, including but not limited to craniofacial or oral developmental defects such as underdeveloped tongues. By executing this Agreement, the Mare Owner expressly assumes all risks associated with the genetic compatibility of the mating and releases, waives, indemnifies, and agrees to hold harmless the Stallion Owner, the Stallion Station, and their respective owners, officers, members, employees, agents, successors, and assigns from and against any and all claims, demands, actions, liabilities, damages, losses, judgments, costs, or expenses, including reasonable attorney's fees, arising out of or related to any inherited genetic mutation, genetic trait, zygosity, defect, disease, disorder, congenital abnormality, or other genetic condition affecting any resulting embryo or foal, regardless of whether such condition was known or unknown at the time of breeding. Mare Owner acknowledges and agrees that, in the event the foal resulting from this breeding is determined to possess the genetic defect commonly referred to as "Max White," and provided that such foal otherwise satisfies all requirements constituting a "Live Foal" as previously defined in this Agreement, Mare Owner shall have no guaranteed right to return, rebreed, replacement breeding, refund, or other remedy based solely upon the presence of the "Max White" genetic defect.
